

**Installation Guide for
nopCommerce Mobile App + nopMobile Plugin Connector**
by seurata.com

What is nop Mobile App?

nopMobile app is a mobile tracking & reporting tool for your nopCommerce website. Install and configure this app along with its nopMobile plugin for nopCommerce 3.7, 3.8, 3.9 & 4.0 to get real-time updates vis-à-vis your eCommerce stores, on your mobile devices.

nopCommerce is an excellent eCommerce platform fitting every merchant's needs. It powers both corporate and small/medium business sites all over the world, and companies selling physical and digital goods. This app is a transparent and well-structured solution combining the best features of open-source and commercial software.

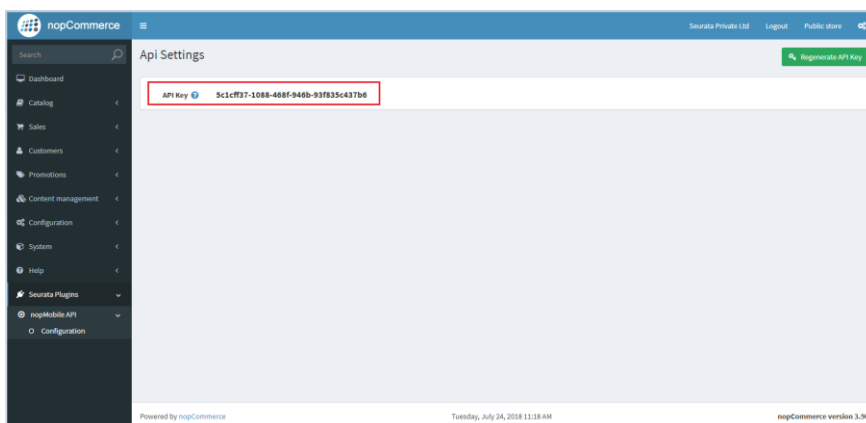

What is nop Mobile plugin connector?

nopMobile Connector Plugin is nothing but the bridge between your store and nopMobile app. You need to install this plugin in order to connect and complete the installation of nopMobile app. nopMobile plugin is available for nopCommerce versions 3.7, 3.8, 3.9 & 4.0 to get real-time updates on your mobile devices.
